THE CURE.

Give a dose of " CHAPSRED " at night and follow up with doses of " Vitalizer " as per directions.

Dose of " CHAPSRED " should be given at night, the beast well clothed and then doses of our " Inflammation Drink " as directed.

Give a dose of " CHAPSRED " in half-pound of treacle at night and occasional doses of our " Vitalizer."

Our " Segecura " must be given and the udder rubbed with our " Udder Relief."

Give our " Scour Restorative " as per directions.

Follow out the directions given with " Teenox."

Give a dose of the " Gaseous Black Drink " immediately and further doses if necessary.

Put some bran into a nosebag and scald with hot water and then add a tablespoonful of Carbolic Acid. Hold the animal's head a few seconds in the nosebag. Repeat the operation two or three times a day. Give our special " Husk Mixture " to complete the cure and to keep up the animal's strength.

Give our Lamb Drench and Tonic and follow directions as above but only add a Teaspoonful of Carbolic Acid over the hot bran.

Give " CHAPSRED " and insert one of our Gelatine Pessaries in the calf bed to prevent complications.

Our " Fli-zof " will keep away these.

PIGS.

To prevent disease among Pigs, use our "BESCONDI" Cod Liver Oil Condiment as this keeps them healthy and by mixing with the feed, every bit of food is thoroughly digested, with the result that they put on flesh in a remarkably short time.

When showing your Pigs, don't forget to use our "Lustrine" as it gives them just that 'polish' to be among the winners.

Our American Pig Powders have a large sale, also our Worm Powders for Pigs.

CATTLE AND SHEEP

(Continued).

THE CURE.

Our " Worm Cakes " mixed with the food soon expel these.

Our Liquid or Paste, but preferably the latter should be used.

We make a Special Fly and Maggot Oil for same.

Give " Unos " as a preventative.

Give our Nourishing Drinks and mix with the food our " BESCONDI " Cod Liver Oil Condiment.

Our Special Cud Powder is recommended or our Gelatine Coated Cud Ball.

Use our Udder Relief just after milking.

POULTRY.

If birds are not laying well, our Egg Powder should be mixed with the soft feed and you will soon find increased supply of eggs.

If you want to fatten up your birds, then our " BESCONDI " Cod Liver Oil Condiment will soon do this.

If you want to ward off diseases, you should put a teaspoonful of our TONIC DRINK in a pint of drinking water, and should any of the birds be ailing or not doing well, then our Cod Liver Oil Emulsion (with Hypophosphates) will soon build them up.

Testimonial from H.R.H.

PRINCE ALBERT VICTOR

Cavalry Barracks, York,

March 24th, 1888.

Messrs. Chapman & Son's Cattle Oils have been used in His Royal Highness Prince Albert Victor's Stables, and they have been found most useful and beneficial.

A. GREVILLE, Capt.,

Equerry to H.R.H. Prince Albert Victor.

To Messrs. Chapman & Son,

Cattle Oil Manufacturers, Grimsby.

Extract from The Illustrated Country Review—December, 1924.

This is the centennial year of the Royal Animal Medicine Factory of Messrs. Chapman & Son (Grimsby), Limited. This establishment, whose headquarters are at 235-7, Cleethorpe Road, Grimsby, is the original business carried on by the late Mr. Charles Chapman, who was appointed Cattle Oil Manufacturer to H.R.H. the Prince of Wales, (King Edward VII.). No other person or firm possesses the original secret formula of these Royal and famous Cattle Oils, which have done so much useful service in different parts of the world.

When so many new firms spring up like mushrooms in the night—and die just as quickly—it is grand to point the finger at an old established firm and say of them that their reputation is sound. It is a fact that many new firms keep arriving, but their stay is a short one. They imagine they have discovered something superior to anything before manufactured, but, as Bacon said, there is nothing to equal "old books, old wine, old friends," and thus we find that this business, which was established so long ago as 1824, still carries on in the most successful manner, and is even to-day adding new names to their already long list of customers. There must be some secret of success about a firm with a century's reputation, and this success is brought about because every customer is a satisfied one, and the firm have always made a practice of studying their customer's requirements, with the result that each customer has told his friend, and thus continues the silent circle of appreciation. These original inventors of the "Royal" Cattle Oils have now an extensive sale, not only in the home counties, but also in South Africa, where the stock breeders know the full value of the "Golden Remedy," and likewise in Australia and Holland are their manufactures respected and sought after.
